Dear Mr. Mardigian:

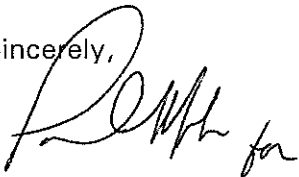

LETTER OF APPRECIATION FOR OUTSTANDING SUPPORT

I wish to express my sincere appreciation for the efforts of your team at MCM in supporting Fluor Fernald Inc.'s efforts to close the Department of Energy's Fernald site. MCM was instrumental in achieving the \$4.4B clean up effort of this former nuclear weapons production facility.

MCM provided quality demolition services and stepped up to the plate meeting our project needs with equipment rental services that were above and beyond your normal core business focus. I am well aware that you personally, and your entire team, pulled out all the stops to make sure our critical project schedule was met from start to finish on a 24/7 basis.

Thanks again for your support. I look forward to working with MCM in the future.

Sincerely,

Cornelius M. Murphy
Closure Project Director
